

3-INGREDIENT PINEAPPLE CAKE

2 cups self-raising flour

1 cup sugar

450g tin of crushed pineapple with juice

Preheat oven to 180°C. Line a round or loaf tin with baking paper and set aside.

Mix all ingredients together until well combined. Pour batter into the tin and bake for 40-45 minutes.

Note: I tried this recipe with $\frac{3}{4}$ cup raw sugar and it was still very sweet.
